

Our Services

The Tools We Use

With our combined 30 years of coaching, facilitation, and assisting organizations with large-scale change, we have identified a number of distinct and powerful tools that invite deep learning, fresh thinking, and aligned action.

They include ...

Appreciative Inquiry – stakeholder conversations that vision the future, enabling organizations to move dynamically forward with energy and commitment.

World Café – conversation tools that explore key questions for your organization by inviting many, many voices to the table. World Café conversations can be held with hundreds of participants.

Generative Dialogue – process for discovering common ground.

Six Hat Theory – decision-making model process.

Innovative Process Design – creative planning tools.

Meetings that Matter – meeting facilitation techniques for leaders at all levels.

Group Coaching and High Impact Teaming

Peer Advisory Roundtable Conversations

U Process – process for deep insight and rapid decision-making.

Assessments – we offer and are certified in a range of organizational and leadership assessments.
